Evil Is

Reactive Black

Evil is...
To think about you
It's the hurt inside 'cause of you
The lie belongs to you
Never thought a cute boy could do

The innocent look of you
And an inviting smile from you
The fun you've started at that night
It seemed easy at first sight

Evil is...
The cruel thing about you
Loss of confidence 'cause of you
The sickness belongs to you
Never thought a bad dream
Can come true
