Just A Friend

[Mario Winans](#)

Uh, what up? (yeah, yeah, yeah)
New Jasmine V baby!
and we onnnnn. (yeah, yeah, yeah)
[Verse 1]Say what you want, do what you like
But we both know the truth
Can't change the facts of you and I
But you still do what you do
Keep tellin them stories, to her and your homies
but that wouldn't make any sense
Yeah, Uh!
[Chorus]If I'm just a friend, if I'm just a friend
Then why do I know what your lips feel like?
If I'm just a friend, if I'm just a friend
Then my camera must be tellin lies.
If I'm just a friend, then you must just be crazy baby.
If I'm just a friend, then you must just be crazy baby.
[Verse 2]Every night, lit up my life
Texting my phone non-stop
Wherever I go, that's where you are
Never apart too long
Keep tellin them stories, to her and your homies
but that wouldn't make any sense
Yeahhhh.

[Repeat Chorus]If I'm just a friend, if I'm just a friend
Then why do I know what your lips feel like?
If I'm just a friend, if I'm just a friend
Then my camera must be tellin lies.
If I'm just a friend, then you must just be crazy baby.
If I'm just a friend, then you must just be crazy baby.
[Bridge]You act like I don't meet your standards,
I'm not good enough to stand beside you, beside you.
I wish the best of luck to your girlfriend,
probably been lying all about her too, about her too.
[Repeat Chorus]If I'm just a friend, if I'm just a friend
Then why do I know what your lips feel like?
If I'm just a friend, if I'm just a friend
Then my camera must be tellin lies.
If I'm just a friend, (I'm just a friend) then you must just be crazy baby.

If I'm just a friend, then you must just be crazy baby.
If I'm just a friend, if I'm just a friend
Then why do I know what your lips feel like?
If I'm just a friend, if I'm just a friend
Then my camera must be tellin lies.
If I'm just a friend, then you must just be crazy baby.
If I'm just a friend, then you must just be crazy baby.
(Yeah, Yeah, Yeah)
(Yeah, Yeah, Yeah)
(Yeah, Yeah, Yeah)
