

# Unlike Me

## IlldotLogic

There are no guarantees in life  
Not for the present, nor for the future  
    All I know is that I'm here  
    Don't know for how long  
I love the way you live so intensely  
    Enjoy every minute of life  
    With space to swing  
Your arms around laughing loudly  
    Unlike me, unlike me  
    Do you think I'm strange?  
    Unlike you, unlike you  
I am not pretending  
    There is no time  
    There is no time  
    There is no time  
    Time doesn't really exist  
The past, the present and the future  
    Are all side by side, hand in hand  
You move and change, yet you go nowhere  
    Everything stays the same  
You stare at me and ask me questions  
    Makes me nervous  
This room, it keeps a constant tone  
    While I'm on a roller coaster  
    Unlike me, unlike me  
    Do you think I'm strange?  
    Unlike you, unlike you  
I am not pretending  
    There is no time  
    There is no time  
    There is no time  
    Time doesn't really exist  
    There is no time  
    There is no time  
    There is no time  
    Time doesn't really exist
