Girls

Lefty

Girls hit back When you least expect Where you most regret it Girls they don't understand Why I love my friends More than themI don't mean to say it but somebody Needs to put an end to them I don't mean to say it but somebody Needs to put an end to girlsGirls decorate the house With flowers and cows And pictures of the family And girls think their misunderstood But I know god damned well All the things they do, they do to nerve meI don't mean to say it but somebody Needs to put an end to them I don't mean to say it but somebody Needs to put an end to girls, to girls, to girls An end to girls, to girls They'll never understand, never understand Wish I didn't need them Wish I didn't need themI don't mean to say it but somebody Needs to put an end to them I don't mean to say it but somebody Needs to put an end to girlsI don't mean to say it but somebody Needs to put an end to them I don't mean to say it but somebody
