Elevator

David Archuleta

Woah, oh oh, ohI had a dream last night I didn't know which floor to get off on, hey The doors, they opened on 4 and 5 and 6 And you were gone, all gone I didn't understand I didn't wanna know At least I took a chance I had to let it goElevator goes up Elevator come down And you just go with the flow Until your feet are back on the groundIt's an endless ride Sometimes it takes you up Sometimes it tears you down inside But it's the butterflies That keep you feeling so alive, so alive You gotta get back that highAnd in my dream last night The doors they finally shut And I was there, somewhere Alone in my reality inside an empty box That's filled with air, but I don't care, noNext time I'll get it right Next time I'll be okay I'll have a different dream tonight Tomorrow's another dayElevator goes up (Elevator goes up)

Elevator come down

And you just go with the flow Until your feet are back on the groundIt's an endless ride Sometimes it takes you up

Sometimes it tears you down inside But it's the butterflies

That keep you feeling so alive, so alive You gotta get back that highYou'll never know What you're gonna get

What you don't expect will come and find you If you laugh or cry, if you run and hide But it's all rightElevator goes up Elevator come down

And you just go with the flow Until your feet are back on the ground It's an endless rideSometimes it takes you up Sometimes it tears you down inside
But it's the butterflies
That keep you feeling so alive, so alive
You gotta get back that high
