Ready

Dreezy

Chorus)
Wasnt thinking about no nigga when you met me
Baby im fucking with you heavy
I might put you on if you let me
Baby im ready when you ready
Ready when you ready babe
When i touched down in your city
On your way to get me
Ready when you ready babe
Im ready when you ready(Verse 1)
Tell me an its yours
I just wanna be sure
I treat him like a fiend
I know he coming back for more
Im really everything you think i am
Boy It ain't no hype
Young independent with a bankroll
I can change yo life
You can have everything If you want it
Long as i know you that you can stay on it
Hair tied up when Im chilling
Told Me I'm bad
I tell him i know it
Won't ride You if i can't own it
Ill take yo heart if You loan it
Said you waited for Me now show it
I just might open up for You(Chorus)
Wasnt thinking about no nigga when you met me
Baby im fucking with you heavy
I might put you on if you let me
Baby im ready when you ready
Ready when you ready babe
When i touched down in your city
On your way to get meReady when you ready babe
Im ready when you ready(Verse 2)
Youll never get another blessing like me,
baby i bet that
An he keep it a hunnid when im coming at him, so i respect that
Take flights they was sleeping on you like jetlags

Going shopping we dont check tags
Fuck around an be everything in my life except another setback
Caught feelings for him in field sometging like a touch down
Both getting to the money first then laying up when the sun down
Make them wanna do it like us now
Some Imma give You the run down
Tell them other bitches you wad fucking with that you done now(Interlude)

On your way to get me
Ready when you ready babe
