

Thinkin' Bout You

Ben DJ

Thinkin' About You
I hurt myself today,
Made a mess of myself
But I'm better now I guess
Just thinkin' about you, helps
Wanna feel this way forever
Words going wild in my head
The time has come for resurrection
There's a fire in my chest
Thinkin' about you
Thinkin' about you
Thinkin' about you
Thinkin' about you
Gotta keep an open mind
Bright days lying ahead
Though you closed the door and left me broken
The keys are still in my hand
