

# I'll Cover You

Neal Schon

A million miles across the desert  
The wind is blowing, but I'll get through  
I'll go the distance and I'll cover youI'll back you up when you're in danger  
And there's nothing I wouldn't do  
I'm your brother, (brother) and I'll cover youNo man is a saint, no man is an island  
The beacon is faith, it shines like a diamond in your hand  
Will you cover me like I cover youI'll be there when you need protection  
In your darkest moment of truth  
Give me a signal (signal) and I'll cover youIt's one from the heart, one for the highway  
Survival is nothing new  
Maybe I'm a dreamer (dreamer)No man is a saint, no man is an island  
The beacon is faith, it shines like a diamond in your hand  
Will you bleed for me like I bleed for youI'll cover youThere are no winners, there are no sinners  
Only victims with nothin' to lose  
You're my brother and I'll cover youLove is the flame, love is the reason  
Love is the answer and we are the proof  
Just give me a sign
