

Tomorrow

Niki & the Dove

Oh!

How do we own these grounds

But they are no longer mine

I have to find a way home

Hey you! You are all that I got

You keep me hanging on

I have to make it on my own now

Oh! All the night is young

And I hold to was all it took.

And I, I tie the laces round my wrist

For the last time meet me at that same place. Oh!

If tomorrow comes

I wanna waste my love

On you like I'm ready to learn

What it takes to burn

I wanna let you show me

What it means to breath fire. I never knew what I want

I let my body talk

I was in a deep sleep.

And I, I tie the laces round my wrist

Oh for the last time meet me at that same place. If tomorrow comes

I wanna waste my love

On you like I'm ready to learn

What it takes to burn

I wanna let you show me

What it means to breath fire. I get on coming back I couldn't help myself Oh!

If tomorrow comes

I wanna waste my love

On you like

I'm ready to learn

What it takes to burn

I wanna let you show me

What it means to breath fire.
