Let Mercy Hold You

Jason Crabb

When the road is winding through the darkness,
And the load is heavy as your heart is now,
And you're full of doubtWhen your prayers are crashing into silence,
And you're scared that everything you're crying out,
Is gonna hit the groundEvery night is holding back a sunrise,
Every storm is shadowing a blue sky,
I know it's hard,
When there's nothing that you can do,
So let mercy hold you(Let mercy hold you...)It's in the midst of knowing that you're helpless,
When you're left, waiting on the promise and
You don't understand,So let the valley teach you how to sing,
And still believe, grace is everything you need,
It's only here you'll seeEvery night is holding back a sunrise,
Every storm is shadowing a blue sky,
I know it's hard,
When there's nothing that you can do,
So let mercy hold youThere's a cross, reaching to the furthest place,
There's a love nothing in the world can change,
In it all, one thing will carry you through,
So let mercy hold youJoy is coming in the morning,
You just gotta wait for the dawn to break,
Joy is coming in the morning,
Don't lose hopeEvery night is holding back a sunrise,
Every storm is shadowing a blue sky,
I know it's hard,
When there's nothing that you can doThere's a cross, reaching to the furthest place,
There's a love nothing in the world can change,
In it all, one thing will carry you through,
So let mercy hold youLet mercy hold you,
One thing will carry you through,
Let mercy hold you,
(Let mercy hold you...)
Just let mercy hold you.
