Bi [RAIN]

[verse 1-TAEYANG]
She stands there looking at me

if she should kick it with me
cause you know i got that something

that shaking thundering
and now she's starting to creep
up on me[chorus]
man she looks so good (man she look so good)
and she looks so fine (look so fine)
her scent takes me high
singing 'my oh my' (my my my my)
got to get with her (got to get with her)
have her in my world (in my world)
hold her in my arms
just forever youi wanna rock with you
dance with you
do everything with you
run around in the rain with you
everyday now only you

do everything with you
run around in the rain with you
everyday now only you[verse 2-DAESUNG]
