

# Last Night

Ryan Cabrera

Can you feel the rain?  
Can you feel the cold surround you?  
You and I are the same  
Perfect in our own weird way  
Do you believe that things can change?  
Do you believe they stay the same?  
'Cause I don't need your light to light my way  
I don't need it, I'm wide awake  
Last night's the last time  
I'll shut my eyes  
I wanna leave my best side behind when I go  
I want you to know, I want you to know  
Can you feel me breathe?  
Can you feel the heart that's beating?  
I'm sick and tired of feeling  
The candle burn inside of me  
Do you believe that people change?  
Do you believe they stay the same?  
'Cause I don't need your light to light my way  
I don't need it, I'm wide awake  
Last night's the last time  
I'll shut my eyes  
I wanna leave my best side behind when I go  
I want you to know that  
Last night's the last time  
I'll run and hide  
I wanna believe I lived my life on fire when I go  
I want you to know  
I want you to know  
I want you to know  
I want you to know  
Last night's the last time  
I'll shut my eyes  
I wanna leave my best side behind when I go  
I want you to know that  
Last night's the last time  
I'll run and hide  
I wanna believe I lived my life on fire when I go  
I want you to know
