

Testimony - The Dedication

21:03

Been through trials and tribulations
Been the talk of conversations
Been abused with no direction
Through it all found consolation
Knowing that my father loves me
He gave his life just to show me
Even when I'm feeling lonely he's always there

I am a testimony and it's by the grace of God
Been through ups and downs
Been all around
But I'm still here

I am a testimony for all men to see
God is still working miracles today
Hay Hay
God is still working miracles today...
