Be With You

Brutha

See when the rain falls on my window
And the thunder crashes on my ceiling
It brings back the awful feeling
Of the day I saw you leaving.
Now every time I see our picture
I think bout being with ya
Tell me babe
What I gotta do to be with you
Cause I'll do anything
None of this don't matter for you
I'll give up everything.
Can't believe, then watch me prove
How much you mean to me
The way my pen and paper
Swear to never sing again
See when the rain falls on my window
And the thunder crashes on my ceiling
It brings back the awful feeling
Of the day I saw you leaving
Now every time I see our picture
I think bout being with ya
And it drives me outta my mind
My mind, my mind
Cause I can't be by your side.
There are no words that can explain
The way I felt when you went away
Cause baby all I wanna do is be with you [x4]
Am I trippin' girl.

Try'd everythin' to get with you
But nothing's workin'
Baby I'm still hurtin'
And it looks like your not ever coming back.
Feel like I'm such a fool
Cause I deserve it
Think it wasn't worth it
Now really was cause I want you back.
See when the rain falls on my window
And the thunder crashes on my ceiling

It brings back the awful feeling
Of the day I saw you leaving
Now every time I see our picture
I think bout being with ya
And it drives me outta my mind
My mind, my mind
Cause I can't be by your side
There are no words that can explain
The way I felt when you went away
Cause baby all I wanna do is;
I'm going crazy can somebody call me a doctor
Don't need a straight jacket
Nothing can hold me under
Don't need no medicine
i already passed insane
The part of missing you is permanently killing my brain.
And it drives me outta my mind
Cause I can't be by your side
There are no words that can explain
The way I felt when you went away
Cause baby all I wanna do is be with you [x4]
Yeah.
