Mermaid

Jordan Hush

When you ride, when you ride on me
All you do is slip and slide on me
Cause you wetter than the ocean seasons
Like I got a mermaid on me baby
(x2)

They won't believe me
Cause I'm all that you want
And I got you, they don't
Cause they missed
It wasn't easy tryna get right here on top of me
Make it clear that when you ride it, I can't steer
Baby
All my women don't po..
something elses go
Keep it real with me
Cause i just gotta know, I, When I

Reach out to grab it while you ride it like a savage
You far from average girl you causing water damage
Got dammit bae

When you ride, when you ride on me
All you do is slip and slide on me
Cause you wetter than the ocean seasons
Like I got a mermaid on me baby
(x2)

I can't believe it
I only saw this in the movies
Most girls got a to-do list
All you wanna do is do me
That's why this is crazy
Girl why did you choose me?
I just gotta know said I just got to know girl

When you ride, when you ride on me
lights off its you a fire on me
Am i drug? do you get high off me?
I just gotta know said I just gotta know

when I
