Sauget Wind

Uncle Tupelo

Advisory - the following lyrics contain explicit language:

It's a long way to heaven
It's a short way to hell
Painkillers won't help
When the weight's not yourselfThey're poisoning the air
For personal wealth
It's a long way to heaven
It's a short way to hellI don't know what I'm breathing for
'Cause the air around here ain't so good anymore
The weatherman says fair
But he looks like a lieNothing's free in this country
And there's no place to hide, no moreIndustrial wind
It blows from the west
It'll burn out your eyes
And suck out your breathIt's waiting in the wings
For damage down the line
Save your tears for the soaps
Leave your money behindI don't know what I'm breathing for
'Cause the air around here ain't so good anymore
The weatherman says fair
But he looks like a lieNothing's free in this country
And there's no place to hide, no moreNo place to hide, no more
