

# My Town

## Hollywood Undead

[Intro]

This is my town!

IT'S MY TOWN

IT'S MY TOWN

IT'S MY TOWN

This is my town!

IT'S MY TOWN

IT'S MY TOWN

IT'S MY TOWN

This is my town! [Verse 1: Funny Man]

Yo plug the scene,

Hit the strip, get my fix.

Got some sniffles in a sack,

Run this town like a sprinter on a track.

Come on lay back,

To attack in the 'Lac.

We ain't cutting no slack,

Girl what you know about that?

I ain't trying to be a lover,

But I gotta say.

That we can keep it undercover,

When you wanna play.

Blazed up, smoked out,

Out of my mind,

We just cruise around my town,

All of the time! [Chorus]

When the sun goes down,

The stars come out like the ghosts of yesterday.

So drink 'em down,

'Cause some things never change.

Baby sing, get loud,

We ain't gonna fuck around.

When the sun goes down,

Let me hear you say!

This is my town!

IT'S MY TOWN

IT'S MY TOWN

IT'S MY TOWN

This is my town!

IT'S MY TOWN

IT'S MY TOWN

IT'S MY TOWN

This is my town! [Verse 2: Johnny 3 Tears]

If the city never sleeps,

Then fuck it neither will I.

You know we keep it thirty-deep,

And we're as high as the sky.

You can watch us thirty-creep,

As we just ride and we ride.

You can watch the Fiesta drop,

From one side to side.

We're breaking the boulevard,

'Cause we get it better.

If ever you need to find me bitch,

You can send me a letter.

Forever drunk and disorderly,

Off this Vodka I'm pouring me.

Goddamn man I want it all,

My city of glory! [Chorus]

When the sun goes down,

The stars come out like the ghosts of yesterday.

So drink 'em down,

'Cause some things never change.

Baby sing, get loud,

We ain't gonna fuck around.

When the sun goes down,

Let me hear you say!

This is my town!

IT'S MY TOWN

IT'S MY TOWN

IT'S MY TOWN

This is my town!

IT'S MY TOWN

IT'S MY TOWN

IT'S MY TOWN

This is my town! [Brige: Danny]

The streets you walk give you a reason!

'Cause it's all you got and that will never change!

So keep singing that song and we can live forever!

Pour a little out for the ones who passed away! [Chorus]

When the sun goes down,

The stars come out like the ghosts of yesterday.

So drink 'em down,

'Cause some things never change.

Baby sing, get loud,  
We ain't gonna fuck around.  
When the sun goes down,  
Let me hear you say! This is my town!

IT'S MY TOWN

IT'S MY TOWN

IT'S MY TOWN

This is my town!

IT'S MY TOWN

IT'S MY TOWN

IT'S MY TOWN

This is my town!
