

# We're Gonna Find a Way

## Roger Miret & The Disasters

Smoke clears out in the aftermath  
War torn city, leave the wreckage in my path  
Charges set off, lighting up the sky  
Send an S.O.S. but they brought me here to die  
The whole map is enemy occupied  
21st century genocide  
When the rest of my days are spent tortured in a cell  
Is there even a need for a hell? We're gonna find a way  
I know where I wanna be so, let's go!  
We're gonna find a way  
Retrace my steps back through this maze  
So why can't I ever seem to get it right?  
We're gonna find a way  
To turn it back around again  
Take the next train out, never looking back  
The minute I left, it derailed from the track  
Why was I born a laborers son?  
Is the only way out with a mask and a gun?  
I don't know what else can be said  
From the school to the warehouse until I drop dead  
I'm being put down like a dog in the pound  
Don't get lost 'cause you'll never be found We're gonna find a way  
I know where I wanna be so, let's go!  
We're gonna find a way  
Retrace my steps back through this maze  
So why can't I ever seem to get it right?  
We're gonna find a way  
To turn it back around again Na, na, na, na - Never gonna stop me! Never gonna stop me!  
Na, na, na, na - Never gonna stop me now!  
We'll find a way, we'll find a way  
Kicking down the doors, we'll find another way  
[x2]  
We'll find a way, we'll find a way  
We're gonna find another way We're gonna find a way  
I know where I wanna be so, let's go!  
We're gonna find a way  
Retrace my steps back through this maze  
So why can't I ever seem to get it right?  
We're gonna find a way

To turn it back around again
