Brick Fair

Gucci Mane

Holiday season bitch
Shouts out 10 17 brick squad
Walk it with the dude Monopoly
You know it is A1 what up?
I see the future
Holiday season
Ever since I got brick fair
I never look back there
If you ain't from the zone six
Then Shorty don't go there
I might die a bachelor
Girlfriend, I don't want that
I already smashed her
So don't even go there
Ever since I got brick fair
Said them boys don't play fair
I'm from east atlanta zone six
And the kid got rich there
Hell yea we got bails there
And you know we got bricks there
If the police pull me over
I'll probably get the damn chair
First one off the bench nigga
You can call me The Six Man
A lot of squares in my living room
Aka I'm The Brick Man
And I hear that you a snitch player
So we gon throw you in the ditch player
The way I hustle with the work nigga
People call me Rig Flare
Ever since I got brick fair
I never look back there
If you ain't from the zone six
Then Shorty don't go there
I might die a bachelor
Girlfriend, I don't want that
I already smashed her
So don't even go there
Ever since I got brick fair

Dirty as fuck, dirty ass pistol
My lil a goon in the hood, an' he just wait for me to hit 'em
Do you got a body for me bring it on the line
And when I'm doing what you doing that
Hit 'em in the head
I had a history file
Pushing' weight like I'm doing exercise
Moving up the interstate and I got the bales an' pies
I go Pauli Castellano
I'm a mafia Santano
I got to study till the morning
I pick on Tony Soprano
Without the TV you wanna beat me if you see me
There's A1 LPGB we hit hundreds on our PT
He water all our CG
I make real movies in the HD
I'm an astronaut in my real life
I promise you can't see me
Ever since I got brick fair
I never look back there
If you ain't from the zone six
Then Shorty don't go there
I might die a bachelor
Girlfriend, I don't want that
I already smashed her
So don't even go there
Ever since I got brick fair
