Stone Love

Yam Who?

Girl, the first time we met, it took me by surprise
Ooo girl, you walked into my life with those street corner blues
You were living in the fast lane, much to my surprise, baby
But I fell for you anyway, I'm addicted to your love, girl
Hey, stone love, solid as a rock
I'm in love with you, baby
Stone love, solid as a rock
Girl, our love is so unique, it's one of a kind
And girl, whenever we kiss it's like a natural high
But we're living in the fast lane, red lights flashing, baby
Will we ever change the way we are? Stone love girl
Oh, stone love, solid as a rock
Stone love, solid as a rock
The life we live is a challenge
Always standing on the edge
May not be the best way but that's all we know
'Cause I don't wanna live my life alone no
Oh, stone love baby
I've got you, yes, I've got you
Got you under my skin, yeah, yeah
Stone love, solid as a rock

That's the way we are, baby
Stone love, together forever
Solid as a rock, the woman in my arms
Stone love, solid as a rock
Ooo baby
May not be the best way but that's all we know
'Cause I don't wanna live my life alone no
La la la la la, stone love
La la la, stone love, stone love
La la la la la, stone love
La la la, stone love, stone love
(Oh love, you're my love)
La la la la la, stone love
La la la, stone love
(You are every thing I wanted baby)
La la la la la, stone love
La la la, stone love, stone love

(Yeah, something about stone love baby)
La la la la la, stone love
(It's about me and you, stone love)
La la la, stone love, stone love
