

Obsession (I, Alone)

Star ScreaM

I have secrets
Tangled with regrets
My heart is open, my eyes are closed
In the eye of god Im going to show you
That I have secretsId die to be in your arms
Im dying here in your arms
The start of an obsession
Its I Alone
I, AloneAway with words
Ill wait to return
Your skeleton has a lovely smile
And the looks you give say come back to mine
Because you have seen thisId die to be in your arms
Im dying here in your arms
The start of an obsession
Its I Alone
I, Alone
