

Wake Up

The Downtown Fiction

Cause when I wake up I feel like the world is on a string
and when I wake up I feel I like I can do most anything
and I remember that there's so much more to see
and I remember that you're lying next to me

don't wanna wake up feeling like I slept through all my life
don't wanna break up I wanna have you almost every night
and in the summer we can take a chance and feel alive
a new adventure and we don't care if we survive

'Cause I'm waiting for you like I know that you do
we'd go run and run and run again
run and run and run

'Cause some day we might find that we ran out of time
so let's go run and run and run again
run and run and run again she said

'Cause when I wake up I wanna have a plan for our escape
don't wanna make up have another excuse to stay away
yeah I remember that there is so much more to see
and I remember that you're fallin' over me

'Cause I'm waiting for you like I know that you do
we'd go run and run and run again
run and run and run

'Cause some day we might find that we ran out of time
so let's go run and run and run again
run and run and run again she said

gotta make some time
to make some time
you gotta make some time
make some time

'Cause I'm waiting for you like I know that you do
we'd go run and run and run again
run and run and run

'Cause some day we might find that we ran out of time
so let's go run and run and run again

run and run and run again she said

gotta make some time
to make some time
