

# Starlett Johansson

## The Teenagers

I know you're born in 84  
Half polish half danish  
You started at 8 on brodney  
You're a star

You don't believe in monogamy  
Im not jealous scarlett will you mary me  
All you've got you can like it  
But what i am you will love it

You whisper at horses ears  
I always found it exciting  
I'm scared by spiders too  
I never managed to blame you

I'll sell my mum to be lost with you  
Lost in tokyo or anywhere else  
I wish i'd been invited  
At your party in disneyland

You don't believe in monogamy  
Im not jealous scarlett will you mary me  
All you've got you can like it  
But what i am you will love it  
X2

When i noticed for jared leto  
I felt sad for 30 seconds  
Oh when i noticed for Josh Hartnett  
I prayed for 40 nights

You don't believe in monogamy  
Im not jealous scarlett will you mary me  
All you've got you can like it  
But what i am you will love it  
X2
