

# Never Le Nkemise 1

## Die Antwoord

Never Le Nkemise  
Never Le Nkemise  
I'm indestructible, gangster number one  
play now cry later  
the harder they come, the harder they fall  
Hos, you can't stop me  
You can try, but you won't survive  
Cause I'm a muthafuckin' ninja  
Zef Side Represent, you fuckin' with the best  
Ninja the fed kapper  
y'all naaiers  
clit fucker  
Dungeon/dungeon/dungeon  
Looks like I'm gonna need my  
click click  
that black lock nine millimeter  
Every day's like bulletproof vest time  
When you're rollin' through the muthafuckin Zef Side  
And now we don't stop at the roadblocks  
In the day look around three-sixty degrees  
If you bustin' the muthafuckin' doughnut  
I'm not even trusting a roadblock  
I'll pigs bust caps in the back, of your head  
bang, now you're dead  
whatcha gonna do, huh?  
Maybe go run tell Zuma?  
He doesn't give a fuck  
That's why we keep it muthafuckin' gangsta  
I'm not scared of you  
But you muthafuckin' scared of me  
Yeah, the Ninja has become the enemy  
I'm indestructible, gangster number one  
played-out cry later  
the harder they come, the harder they fall  
Os, you can't stop me  
You can try, but you won't survive  
Cause I'm a muthafuckin' ninja  
If you don't like funerals, don't kick sand in a Ninja's face
