

# Eightfold

## Violent Soho

I guess ill wait in line for the next life.  
Put all my coattails on to impress you.  
Faux nihilist cop inside.  
Blessing everyone.  
Been waiting all this time.  
Let me in.  
I'm alright.  
Cause they say.  
What they want.  
Preaching males.  
Ego high.  
Pushed aside.  
Pushed behind.  
Just shut up.  
You'll be fine.  
Cause I'm waiting for an answer.  
Give me my next line.  
Waiting for an answer.  
I wont eightfold now.  
They got the holy shakes.  
Glossolalia.  
They'll pop like soda now.  
Let me in.  
I'm alright.  
Cause they say.  
What they want.  
Preaching males.  
Ego high.  
Pushed aside.  
Pushed behind.  
Just shut up.  
You'll be fine.  
Cause I'm waiting for an answer.  
Give me my next line.  
Waiting for an answer.  
I wont eightfold now.  
Waiting for an answer.  
I wont eightfold now.  
Waiting for an answer.

I wont eightfold now.  
Watered eyes and vision kings.  
Selling everything.  
Chirping with a frown.  
England couch life aint the thing.  
Like a magazine.  
A rut stuck in your mind.  
Cause they say.  
What they want.  
Preaching males.  
Ego high.  
Pushed aside.  
pushed behind.  
Just shut up.  
You'll be fine.  
Cause I'm waiting for an answer.  
Give me my next line.  
Waiting for an answer.  
I wont eightfold now.  
Waiting for an answer.  
I wont eightfold now.  
Waiting for an answer.  
I wont eightfold now
