

# This Is Your Life

Dio

Who cares what came before?  
We were only starlight  
One day then nevermore Because we're whispers in the wind  
Once upon a time  
The world was never blind like we are Right now it seems  
You're only dreams and shadows  
If wishes could be eagles how you'd fly This is your life  
This is your time  
What if the flame  
Won't last forever? This is your here  
This is your now  
Let it be magical Who cares what came before?  
We're only starlight  
Once upon the time  
All the world was blind like we are This is your life  
This is your time  
Look at your world  
This is your life
