

Thin Black Sail

British Sea Power

It's not psychedelic, it's got many merits
It's not psychedelic, nuclear submarine
Darling, I think it's a dream Your causes, they make me feel so mad
I'm not yellow, oh no, I'm steely black
Oh, I hate peaceniks, I'm ready to attack
Let's take out London, let's take out all of that 'Cause it's not psychedelic, it's got many merits
Nuclear submarine Thin black sail, oh, thin black sail
Thin black sail, thin black sail
Thin black sail, thin black sail It's not psychedelic, it's got many merits
So let me make this clear Nuclear submarine
Darling, I think it's a dream
