

Angelina

Slade

I don't wanna do you no harm
But sometimes I feel the weight of the world
It's so heavy and it's bringing me down
And I need you, I need you, girl
Come, little Angelina
I don't wanna do you no harm
Take me where the grass is greener
Take me where the sea is calm
All I want is you
Take me in your arms and give me love
(Hoo, shoo, shoo, come
Hoo, shoo, shoo, come
Hoo, shoo, shoo, come
Hoo, shoo, shoo, come)
All I want is you
Take me in your arms and give me love
Angelina, Angelina, love me, love me
Angelina, Angelina, love me, wanna love you
Come, little Angelina
Don't want that you hurt me
Take me where the air is cleaner
Take me where the wind blows free
All I want is you
Take me in your arms and give me love
Give me love Give me love
(Hoo, shoo, shoo, come)
Give me love Give me love
(Hoo, shoo, shoo, come)
Need your love
Want your love
(Hoo, shoo, shoo, come)
(Hoo, shoo, shoo, come)
Hey, All I want is you
Take me in your arms and give me love
I need your love Need your love
(Hoo, shoo, shoo, come)
(Hoo, shoo, shoo, come)
Every day and every now
(Hoo, shoo, shoo, come)
Want your love Want your love
(Hoo, shoo, shoo, come)
Hey, All I want is you
Take me in your arms and give me love
(Hoo, shoo, shoo, come)
