Lucky In Every Way

Pugwash

Today I fell down trembling
As this vision descended
Pinch me! I need reality
How could this happen to me
I'm so lucky that I found her
Even though I stopped looking
I'm so lucky I found her
Lucky in every way
We had a wonderous winter
Lying, laughing in the lair
Pinch me! I need reality
How could this happen to me
I'm so lucky that I found her
Even though I stopped looking
I'm so lucky I found her
Lucky in every way
I'm so lucky I found her
I'm so lucky I found her
I'm so lucky I found her
Lucky in every way
I'm so lucky that I found her
Even though I stopped looking
I'm so lucky I found her
Lucky in every way
Lucky in every way
Lucky in every way
Lucky in every way
Lucky in every way
