

# Lucky In Every Way

## Pugwash

Today I fell down trembling  
As this vision descended  
Pinch me! I need reality  
How could this happen to me  
I'm so lucky that I found her  
Even though I stopped looking  
I'm so lucky I found her  
Lucky in every way  
We had a wonderous winter  
Lying, laughing in the lair  
Pinch me! I need reality  
How could this happen to me  
I'm so lucky that I found her  
Even though I stopped looking  
I'm so lucky I found her  
Lucky in every way  
I'm so lucky I found her  
I'm so lucky I found her  
I'm so lucky I found her  
Lucky in every way  
I'm so lucky that I found her  
Even though I stopped looking  
I'm so lucky I found her  
Lucky in every way  
Lucky in every way  
Lucky in every way  
Lucky in every way  
Lucky in every way
