

# Hang On To You

## Delirious?

And I'll hang on to you  
'Cos you're stronger and you keep me from falling  
And you brighten the world with your beauty  
Keep me closer I'm calling Looking out like a little child  
Holding tight when it all gets wild And I'll hang on to you  
Nothing in this world will see me through  
Only you and I'll hang on to you  
Everyday I live, I give to You And your love it is true  
I feel stronger and I'm happy to know you  
'Cos you shine like the sun and you're brighter  
Than the darkness that's falling
