Like an Angel (C86 Version)

The Mighty Lemon Drops

Sometimes it's hard to remember
Other times I can't forget
You hope you've put it all behind you
But you know it isn't finished yet

Baby, baby, please
You've got me on my hands and knees
Baby, baby, baby, please
Won't you give me what you know I need

Saw her in the sky, she's just hanging round
Baby fly so high, won't you come on down
Like an angel

I found something undiscovered
I found it in your deep blue eyes
Something I could never recover
Cause it's buried too deep inside

Come on, give it to me now
I can't hold on anymore
You got to give it to me now
Before my skin begins to crawl

Saw her in the sky, she's just hanging round
Baby fly so high, won't you come on down
Like an angel
Like an angel
Like an angel
Like an angel

Come on, give it to me now
I can't hold on anymore
You got to give it to me now
Before my skin begins to crawl

Saw her in the sky, she's just hanging round
Baby fly so high, won't you come on down
Like an angel

Won't you tell me how you get so high?
Tell me how you get so high
Tell me how you get so high
Won't you tell me how you get so high?
