

Jump

Sammy Adams

I'm an ice on the river, not playing cards
'got your hands up now I say jump higher
Ball some, boy, awesome noise'
Fuck singing in promo, got my mojo back
Vision that yeah, fuck up, tryna find an exit
Says she love girls I gave her a pearl necklace
Knock the jewelry, stop the time'
I'm surely one of those guys usually nice
And we fuck it ain't right, well, I got my own agenda I came to get fucked up
Came to jump, well, it's just your luck
I know, I know how to make y'all jump
I know, I know just what y'all want, want Hands up now, say it, jump higher
Jump higher, jump higher
Hands up now, say it, jump higher
Jump higher Glossy chickies don't love me anymore
After my pants slide down to the floor
'the walk back was out the motherfucking door
Damn these crack addicts, Sammy's back at it
Re-write the song like Nazy's still at it
Miss the pragmatic, no, it's illmatic
Re-run the song 'cause Sammy's back at it
Poker face almost passed out'
Girl you wanna make it if you don't see
I'm tryna get some jobs like my man Steve
'I came to get fucked up
Came to jump, well, it's just your luck
I know, I know how to make y'all jump
I know, I know just what y'all want, want Hands up now, say it, jump higher
Jump higher, jump higher
Hands up now, say it, jump higher
Jump higher I'm a sinner, I'm a born bread winner
I'll probably do you again right after you finished and out
Who are you to judge, you don't know the kid
Always at my front door some Jehovah shit, witness
'ridiculous the mission, see, that's the fucking business
,
Just a tip, playing just a tip
Don't play hard to get, we both know I'm gonna get I came to get fucked up
Came to jump, well, it's just your luck

I know, I know how to make y'all jump
I know, I know just what y'all want, wantHands up now, say it, jump higher
Jump higher, jump higher
Hands up now, say it, jump higher
Jump higher
