

Selfish

Sita

(Lisa Lindebergh/Andreas Karlegard)Impossible vain

You told me I was totally without shame

I thought to myself

This kind of luck is my middle name

Boy you need to know

Sometimes I think I'm out of my head

The bigger the words

The stranger I feel

So give me a chance to explain

And erase all bad things

I've saidYou tell me I'm selfish,delirious

That's not what I am

I tell you I'm speechless,Do do do do

You know who I am

I've got a little sparkle,Do do do do

Inside of me

And you tell me I'm selfish,deliriousIn between days

I wanna paint a rainbow

To cover all the gray

In between days

I wanna kiss and tell to end

This game we play

I wish you could read my mindYou tell me I'm selfish,delirious

That's not what I am

I tell you I'm speechless,Do do do do

You know who I am

I've got a little sparkle,Do do do do

Inside of me

And you tell me I'm selfish,deliriousTell me do you cry

I cry all the time

Tears that are turning to ice

I cry

Sparkle come alive

Sparkle that melt if I wish you could read my mindYou tell me I'm selfish,delirious

That's not what I am

I tell you I'm speechless,Do do do do

You know who I am
