

# Redemption

## Armor of God

I came to die  
You might live more abundantly  
I suffered heartache and pain for the world to see  
I gave all that I had for you  
Yet my love is free  
You never call on my name  
Don't you care about me?

(Chorus)

Hear the tortured souls crying out from hell  
They lived their life and now they pay  
There is no promise of tomorrow  
Just live for Christ, it's the only way

You chase after pleasures  
Leave you empty inside  
They war against your soul; I can feel your heart's cry  
You're young and free  
Free to live your life  
But when you feel the break of death  
I still love you

(Instrumental)

[chorus]

Life is just a faith fall  
That appears and then it's gone  
And then we'll stand before the holy throne  
Ohh  
No don't you cry  
Wipe the tears from your eyes  
I paid the price  
Know this paradise unknown  
Woah ohh woahhh
