Fill Her

Eraserheads

you don't need to live
it seems a bit naive
no need to disagree
or seek my history
you're staring at my soul
my sanity you stole
but then i knew all along

that anything would go wrong
though i can see you i can feel you
i'm so glad you opened the door
and when i get near all my fears disappear
and i won't be along anymore
hmmmmmmmmmm hmmmmmmmmmm
hmmmmmmmmmm hmmmmmmmmmm
