

# Let Me In (Josh Harris Club Mix)

## Hot Hot Heat

Woke up in smoke and flames  
Had a lie with a stranger  
5 dozen photographs  
solemn burnt up in angerAm I asleep still?  
Tell me, I could have been  
Don't let it tear us apart again limb from limb  
please let me in[Chorus:]  
But I don't want to look at you this way  
I'm staring through your window  
I don't want to think of you this way  
I'm begging, baby, Let me in  
Baby, just let me in  
I'm begging at your door just let me in  
Just let me inI drink the wine of youth  
Ended up in a coma  
Your wicked silver tounge  
No wonder nobody told you  
That I'm awake now  
First time I've ever been able to see what I should have seen  
way back when you let me in[Chorus]It's my fault for waiting  
Just won't end up saving  
Guess this is farewell  
Somehow, you let me inheySee, I'm awake now  
First time I've ever been able to see what I should have seen  
Way back when you let me in[Chorus]There's fault for waiting  
Just won't end up saving  
Guess this is farewell  
Somehow, you let me in
