

# Diluted

Chris Herbert

I'm cold, I'm ugly  
I'm always confused by everything  
I can stare into a thousand eyes  
But every smile hides a bold faced lie  
It itches, it seethes, it festers and breathes  
My heroes are dead, they died in my head  
Thin out the herd, squeeze out the pain  
Something inside me has opened up again  
Thoughts of me exemplified all the little flaws I have denied  
Forget today, forget whatever happened  
Everyday I see a little more of overall deficiencies  
I'm nothing short of being one complete catastrophe  
What the hell did I do to deserve all of this?  
What the hell did I do to deserve all of this?  
I save all the bullets from ignorant minds  
Your insults get stuck in my teeth as they grind  
Way past good taste, on our way to bad Omens  
I decrease, while my symptoms increase  
God what the fuck is wrong  
You act like you knew it all along  
Your timing sucks, your silence is a blessing  
All I ever wanted out of you was  
Something you could never be  
Now take a real good look at  
What you've fucking done to me  
What the hell did I do to deserve all of this?  
What the hell did I do to deserve all of this?  
Gimme any reason why I'd need you?  
Gimme any reason why I'd need you?  
Gimme any reason not to fuck you up?  
Gimme any reason why I'd need you?  
Gimme any reason why I'd need you?  
Gimme any reason why I'd need you?  
Gimme any reason not to fuck you up?  
I see you in me  
I see you in me  
I keep my scars from prying eyes  
Incapable of ever knowing why  
Somebody breathe I've got to have an answer  
Why am I so fascinated by  
Bigger pictures, better things  
But I don't care what you think  
You'll never understand me  
What the hell did I do to deserve all of this?  
What the hell did I do to deserve all of this?  
What the hell did I do to deserve all of this?  
What the hell did I do to deserve all of this?  
Fuck
