Burn the Bridges

Seether

I'll keep on burning this bridges that you hold so dear
If I keep disregarding the pain that has brought me here
I'll leave the misery out, you can't keep me delivering something real
If I keep disrespecting the path that will help you heal
You keep on thinking it's the only directionI'll keep on burning these bridges that you hold so dear
If I keep disregarding the pain that has brought me here
I'll leave the misery out, you can't keep me delivering something real
If I keep disrespecting the path that will help you heal
You keep on guessing but don't know my intentionsWith every lesson you learn, keep it shining as you throw it at me
Say then you might get burned
With every lesson you learn, keep it shining as you throw it at me
Say then you might get burnedYou must have done something to meWith every lesson you learn, keep it shining as you throw it at me
Say then you might get burned
With every lesson you learn, keep it shining as you throw it at me
Say then you might get burnedI can't breathe
I can't breathe
I can't breathe
I can't breatheBreak it, break it, break it, break it, break it up
Break it, break it, break it, break it, break it up
Break it, break it, break it, break it, break it up
Break it, break it, break it, break it, break it upWith every lesson you learn, keep it shining as you throw it at me
Say then you might get burned
With every lesson you learn, keep it shining as you throw it at me
Say then you might get burned
