As The Stars All Fall Away

Peter Himmelman

As the stars all fall away
Consumed with unique glimmer of the dawn
So will all my dark words
Be humble by your grace and then be goneAs the door's open wide
To let in the day
All my empty feelings fade
Just as the stars fall away.As the moon comes out tonight
Released like a balloon to the sky
So my heart is new again
And all my emotions seem to fly
O yeahAnd I want you to see
How I've taken to fly
All our hopes are safe now
Just like the balloon in the nightThere's no taking back the things I've done
I only want to tell you that I know for certain
That I need you nowAs the stars all fall away
Consumed with unique glimmer of the dawn
So will all my dark words
Be humble by your grace and be goneAnd as the door's open wide
Sure to let in the day
All my empty feelings fade
Just as the stars fall away
