I So Hate Consequences (Album Version)

Relient K

And I'm good, good, good to go
And I'm good, good, good to go
I gotta get away
Get away from all of my mistakes
And I'm good, good, good to go
And I'm good, good, good to go
I gotta get away
Get away from all of my mistakesSo here I sit looking at the traffic lights
The red extinguishes I hope that the green ignites
I want to run away I want to ditch my life
Cause all of my mistakes keep me awake at nightAnd after all of my alibis desert me
I just want to get by
I don't want nothing to hurt me
I had no idea where my head was at
But if my heart says I'm sorry can we leave it at that
Because I just want for all of this to endAnd I so hate consequences
And running from you is what my best defense is
Consequences
God, don't make me face up to this
And I so hate consequences
And running from you is what my best defense is
Cause I know that I let you down
And I don't want to deal with thatAnd I'm good, good, good to go
And I'm good, good, good to go
I gotta get away
Get away from all of my mistakesIt just now hit me this is more than just a set back
And when you spelled it out, well, I guess I didn't get that
And every trace of momentum is gone
And this isn't turning out the way I wantAnd after all of my alibis desert me
I just want to get by
I don't want nothing to hurt me
And I had no idea where my head was at
But if my heart says I'm sorry can we leave it at that
Because I just want for all of this to endAnd I so hate consequences
And running from you is what my best defense is
Consequences
God, don't make me face up to this
And I so hate consequences
And running from you is what my best defense is

Cause I know that I let you down
And I don't want to deal with thatAnd I spent all last night
Tearing down
Every stoplight
And stop sign in this town
Now I think there might
Be no way to stop me now
I'll get away despite
The fact I'm so weighed downAll of my escapes have been exhausted
I thought I had a way but then I lost it
And my resistance was once much stronger
And I know I can't go on like this much longerWhen I got tired of running from you
I stopped right there to catch my breath
There your words they caught my ears
You said, "I miss you son. Come home."
And my sins, they watched me leave
And in my heart I so believed
The love you felt for me was mine
The love I'd wished for all this time
And when the doors were closed
I heard no I told so's
I said the words I knew you knew
Oh God, Oh God I needed you
God all this time I needed you, I needed you
And I so hate consequences
Running from you is what my best defense is
I hate these consequences cause I know that I let you down, and I don't want to deal with that
