Hey Now, Hey Now

Big Bad Voodoo Daddy

I was walkin' up the street actin' wicked bow?
But deep down in my pockets, I had no goal
I was lookin' kinda sad when before my eyes
It was a million dollar bill that musta fell from the sky.[Chorus]
I said heeeey now, heey now (hey now, hey now)
heeeey now, heey now (hey now, hey now)Well I took that million dollars and looked for more,
and halfway up the block I took it real slow
When much to my surprise I was knocked right out
when I met up with a girl who knew what life was all about.[Chorus]
I said heeeey now, heey now (hey now, hey now)
heeeey now, heey now (hey now, hey now)heeeey now, heey now (repeat x 4)Ooh I got the things I wanted
Plus a great big car
And every day I'm good to you I'm more popular
So here's these magic words that will see u right through
When you ain't feelin' lucky and you don't know what to do.[Chorus]
I said heeeey now, heey now (hey now, hey now)
heeeey now, heey now (hey now, hey now)heeeey now, heey now
heeeey now, heey now
I said heeeeeey, heeey now...
