3x3

Bloc Party

Three times three
First cut first
Pierce the skin
It binds us
Spit cum blood
Liquid wax
No one loves you
As much as usBy all in me thats holy
By all in me thats blessed
I made to you a promise
That this is forever and ever
AmenThree times three
Lose all fear
Let the flames
Dry those tears
It takes hurt
To be pure
Now youre one of
Youre one of usNo means no
No means no
No means no
No means no
No means no
