Disco Dolly

Space

Disco dolly, disco sound, disco dolly, disco sound
Disco dolly, disco sound, disco dolly, disco soundMy disco queen loves the disco sound
My disco queen loves her disco sound
My disco queen loves the disco sound
So why don't she love me?Me, I only like my rock and roll
Am I with the right girl 'cos I'm all alone?
She likes to boogie while I stand at the barAnd I feel like a freak who can't let go
And I'd like to start dancing round a pink handbag
But I got no rhythm, I've got lead in my shoes
She's my disco queen and I'm gonna lose her, lose her)
(Disco dolly, disco sound, disco dolly, disco sound)My disco queen loves the disco sound
My disco queen loves her disco sound
My disco queen loves the disco sound
So why don't she love me?Should I finish my drink and head for the door?
'Cos if she don't follow me, well, then I'll know
That I've lost my love to the four on the floorAnd I feel like a freak who can't let go
And I'd like to start dancing round a pink handbag
But I got no rhythm, I've got lead in my shoes
She's my disco queen and I'm gonna lose her, lose her
(Disco dolly, disco sound, disco dolly, disco sound)My disco queen loves the disco sound
My disco queen loves her disco sound
My disco queen loves the disco sound
So why don't she love me?My disco queen loves her disco sound
(Disco dolly, disco sound)
My disco queen loves the disco sound
(Disco dolly, disco sound, disco dolly, disco sound)
So why don't she love me?Disco dolly, disco sound, disco dolly, disco sound
Disco dolly, disco sound, disco dolly, disco sound
Disco dolly, disco sound, disco dolly, disco sound
Disco dolly, disco sound, disco dolly, disco sound
