

# The Same Deep Water as You

## The Cure

Kiss me goodbye  
Pushing out before I sleep  
Can't you see I try  
Swimming the same deep water as you is hard  
The shallow drowned lose less than we  
You breathe the strangest twist upon your lips  
And we shall be together  
And we shall be together Kiss me goodbye  
Bow your head and join with me  
And face pushed deep reflections meet  
The strangest twist upon your lips And disappear the ripples clear  
And laughing break against your feet  
And laughing break the mirror sweet  
So we shall be together  
So we shall be together Kiss me goodbye pushing out before I sleep  
It's lower now and slower now  
The strangest twist upon your lips  
But I don't see and I don't feel But tightly hold up silently  
My hands before my fading eyes  
And in my eyes your smile  
The very last thing before I go  
The very last thing before I go  
The very last thing before I go I will kiss you, I will kiss you  
I will kiss you forever on nights like this  
I will kiss you, I will kiss you  
And we shall be together
