

Director

Brey

Baby, lock the door
(I'm about to make you the star of the show)
Let your emotions soar
(Off to a place you ain't never been before)Like in Monster's Ball
(I'm willing to portray the role)
Make me feel good
(That's all I wanna hear when I take control)(Cut)
The scene is off the chain
(Yes)
I love it when you call my name
(Wait)
You're driving me out of my mind
I wanna do it one more time(But)
The scene is off the chain
(Yes)
I love it when you call my name
(Wait)
Now that you're nice and warm
Stick to the script, girl, let's move onI'm your director
(Yeah)
It's getting deep
(Oh, baby)
We don't need to rent nothing
We'll make our own movies
(Me and you)I'm your director
(Yeah)
It's getting deep
(Oh, girl)
We don't need a video tape or a camera
To make this ghetto love sceneI'm your director
(Oh)
It's getting deep
(My, baby)
We don't need to rent nothing
We'll make our own movies
(I got you)I'm your director
(Right here)
It's getting deep
(Tonight)

We don't need a video tape or a camera
To make this ghetto love scene
(I want you)Look in the mirror
(Like we watching something on the TV screen)
I can see your body
(Rolling up and down on top of me)You deserve a Oscar for the way you perform
(Best supporting actress)
In this mattress pad flick(Cut)
The scene is off the chain
(Yes)
I love it when you call my name
(Wait)
It's driving me out of my mind
I wanna do it one more time(Cut)
The scene is off the chain
(Yes)
I love it when you call my name
(Wait)
And now that you're nice and warm
Stick to the script, girl, let's move onI'm your director
(Please)
It's getting deep
(Baby, listen to me)
We don't need to rent nothing, we'll make our own movies
(I wanna show you everything that I've learned)I'm your director
(Over the years)
It's getting deep
(Let me)
We don't need a video tape or a camera
To make this ghetto love scene
(Love scene)I'm your director
(I will be)
It's getting deep
(Tonight)
We don't need to rent nothing, we'll make our own movies
(We don't need nothing but me and you in this room)I'm your director
(Please, believe it)
It's getting deep
We don't need a video tape or a camera
To make this ghetto love sceneIt's almost over, baby, but it's not yet
'Cause I can feel it, this is the climax
We've been all over the place
Making progress
(But, I'm not done with ya)
Until I get a motion picture, baby

(I am)I'm your director
(All yours)
It's getting deep
(Tonight)
We don't need to rent nothing, we'll make our own movies
(Oh, baby, stay right there)I'm your director
(Let me)
It's getting deep
(Rub your body)
We don't need a video tape or a camera
To make this ghetto love scene
(Oh, oh, let me)I'm your director
(Hold you, baby)
It's getting deep
(Right here)
We don't need to rent nothing, we'll make our own movies
(In my arms)I'm your director
(Oh baby, I am)
It's getting deep
(Yours)
We don't need a video tape or a camera
To make this ghetto love scene(I'm your director)
Feel me, baby, let me feel you
We can, yes, we will
(I'm your director)
Always to make this ghetto love scene(Cut)
I'm your director
(Cut)
I'm your director
