

Meaningless Movements

Sepultura

Born with remorse
To a cold barren place
Battle between minds
Hungry for words of prey Contradictory truth
Secrets in lies
Meaningless
Movements Icons reviews their sins
Faith cheaper than thou
Doubting your ideals
Torment shreds your brain Fearful fantasy
Respects the unknown
Turning your heart red
A requiem to celebrate, you Words I can not understand
Shrieks in my moment of pain
Imposter hides behind a mask
My words against your lies Turn my head
To see what I know
A shadow without form
Painted on the wall Born with remorse
To a cold barren place
Battle between minds
Hungry for words of prey One moment's mistake
False steps in the ground
Laws made by the blind
Ruling reign of light Contradictory truth
Secrets in lies
Meaningless
Movements
