

Get Foughted

Alexisonfire

So make sure you love
Like you've never been hurt
And when you dance, dance
Like there's no one watching you
'Cause you can waste your time
Redefining the day that music died
Or you can spend your life
Guilt free and ostracized
'Cause all the fashion
In the world can't save you now
It's something
I'll write it down for you
So make sure you love
Like you've never been hurt
And when you dance, dance
Like there's no one watching you
'Cause this shit is not about pants
And this shit is not about shirts
And this shit's definitely not about hair

This shit is having good fucking time
Maybe music isn't dead
Maybe music isn't dead
Maybe we all just forgot
What it fucking sounded like
They forgot, they forgot
'Cause you can waste your time
Redefining the day that music died
Or you can spend your life
Guilt free and ostracized
'Cause all the fashion
In the world can't save you now
It's something
I'll write it down for you
My greatest gift to you
Is a dance floor
Free from insecurity
