

Hey Boogie Woman

Ram Jam

Hey boogie woman, shake them down, baby
Hey boogie woman, get around, babyHey boogie woman, shake them down, baby
Hey boogie woman, get around, baby
Hey boogie woman, shake them down, baby
Hey boogie woman, get around, baby
Hey boogie woman, rock their souls from time to time
Time to time, time to timeShe's a girl with a red dress on
She could do it all night long
See a pretty girl shaking her thing
She rea-rea-really amazed meHey boogie woman, shake them down, baby
Hey boogie woman, get around, baby
Hey boogie woman, rock and roll from time to time
Time to time, time to timeShe's a girl from Arkinsore
She's the one wanting more more more
She's a girl, only just in red
Found a lion in her bedHey boogie woman, shake them down, baby
Hey boogie woman, get around, baby
Hey boogie woman, rock their souls from time to time
Time to time, time to time
