

Hole

Royal Blood

She turns it off when I'm comin' home
Loses the feeling when you're so alone
I'm just another one driftin' away
When tables turn, I'm here to stay 'Cause it's not true, what they say
I'm just stuck in a hole
Yeah, keep goin', keep goin' my way
I'm just stuck in a hole So sick, so tired, never let it go
You just can't leave it alone
No fun, never really won
Had the dirty smile wiped from my face
Yeah, I'll try to pray for ya son
Oh we'd hate to see you fall from grace She turns it off when I'm comin' home
Loses the feeling when you're so alone
I'm just another one fadin' away
When darkness falls, it's here to stay 'Cause it's not true, what they say
I'm just stuck in a hole
Yeah, keep goin', keep goin' my way
I'm just stuck in a hole So sick, so tired, never let it go
You just can't leave it alone
No fun, never really won
Had the dirty smile wiped from my face
Yeah, I'll try to pray for ya son
We'd hate to see you fall from grace Yeah, keep going, keep going my way
Yeah, keep going, keep going my way
Yeah, keep going, keep going my way
Yeah, keep going, keep going my way
Yeah, keep going, keep going my way
Yeah, keep going, keep going my way
I'm just stuck in a hole I'm just stuck in a hole
